

### Volunteer Opportunities

Volunteers are the backbone of our organization. Without volunteer help, “*Friends*” could not have reached any of its goals. All volunteer time is appreciated, whether it is once a year or every month. If none of the categories listed interest you, feel free to suggest a new one to be added. All positions fall under the guidance of Nature Center staff.

Please complete the Volunteer Application and hand both forms in at the Nature Center office for review. An interview can then be scheduled at your convenience. Nature Center policies, training, volunteer logs and volunteer recognition will be explained at that point.

Date \_\_\_\_\_
